Discharge Activity

Version 1.0

1. Discharge Activity

Note: MessageIDs are case sensitive and all lowercase.
All test requests require the exact messageID as quoted in the test details.
The real service will require **unique** references for each request.

Normal in hours requests

1.1 Undertake a discharge activity with 2 discharges and one charge date match

Test: Example 1			
Test purpose: Discharge activity search where 2 discharges are found but only one matches charge date			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '30' Response will contain the details of the title searched against, a discharge count of 2 and one discharge activity containing one proprietor and the discharge date
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	success-two-discharges-one-match	
Subject Property	Title Number	DT984660	
	External Reference	*Any value*	
	Continue if…	true	
	Charge Date	2019-02-13	

1.2 Undertake a discharge activity one discharge found, one match against charge date

Test: Example 2			
Test purpose: Discharge activity search with a charge date match that has two proprietors			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '30' Response will contain the details of the title searched against, a discharge count of 1 and one discharge activity containing two proprietors and the discharge date
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	success-one-discharge-one-match	
Subject Property	Title Number	NYK123654	
	External Reference	*Any value*	
	Charge Date	2002-08-23	

1. These details are mandatory and are required by the systems.

1.3 Undertake a discharge activity with two discharges and two matches on charge date

Test: Example 3

Test purpose: Undertake a discharge activity search with two charges made on the same date

Field group	Field name	Input	Expected output
Login Details	User ID	BGUser001	TypeCode = '30' Response will contain the details of the title searched against, a discharge count of 2 and two discharge activities, both containing one proprietor and the discharge date
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	success-two-discharges-two-matches	
Subject Property	Title Number	DT984660	
	External Reference	*Any value*	
	Continue if…	true	
	Charge Date	1995-02-13	

1.4 Undertake a discharge activity with no discharges found and no match for charge date

Test: Example 4

Test purpose: Undertake a discharge activity search where no result is returned

Field group	Field name	Input	Expected output
Login Details	User ID	BGUser001	TypeCode = '30' Response will contain the details of the title searched against, a discharge count of 0 and a message "No charges of this date have been discharged in the last 30 calendar days"
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	success-no-results	
Subject Property	Title Number	NYK567842	
	External Reference	*Any value*	
	Continue if…	true	
	Charge Date	2007-10-26	

1. These details are mandatory and are required by the systems.

1.5   Undertake a discharge activity where the title is closed and continued

Test: Example 5			
Test purpose: Undertake a discharge activity search where the title is closed and continued			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '20'
	Password	landreg001	Message = 'Title Number
	User locale[1]	en	BK554444 has been
	Message ID[1]	closed-and-continued	closed and registration
Subject Property	Title Number	BK554444	continued under Title
	External Reference	*Any value*	Number DT643551'.
	Continue if…	**false**	Code = bg.general.title.closedAnd Continued

1.6   Undertake a discharge activity where the title is not found due to being invalid

Test: Example 6			
Test purpose: Undertake a discharge activity search where the title is invalid			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '20'
	Password	landreg001	Message = 'Title number is
	User locale[1]	en	invalid'.
	Message ID[1]	title-number-not-found	Code = bg.title.invalid
Subject Property	Title Number	NT99999	
	External Reference	*Any value*	
	Continue if…	true	

1. These details are mandatory and are required by the systems.

1.7 Out of hours

Test: Example 7			
Test purpose: Out of hours			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '10' message = 'Service is not currently available. System has queued your request, please poll at specified time.' Includes a timestamp of when to repoll
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	out-of-hours	
Subject Property	Title Number	NYK456581	
	External Reference	*Any value*	
	Continue if…	true	

1. These details are mandatory and are required by the systems.

9.8 Undertake a discharge activity one discharge found, one charge date match, closed & continued title

Test: Example 8

Test purpose: Show response with a charge date match against continuation title

Field group	Field name	Input	Expected output
Login Details	User ID	BGUser001	TypeCode = '30' Response will contain the details of the title searched against, a discharge count of 1 and one discharge activity containing two proprietors and the discharge date
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	success-one-discharge-one-match	
Subject Property	Title Number	NYK456113	
	External Reference	*Any value*	
	Charge Date	1999-12-01	
	Continue if …	true	

9.9 Undertake a discharge activity with no discharges found against closed & continued title

Test: Example 9

Test purpose: Undertake a discharge activity search where no result is returned against continuation title

Field group	Field name	Input	Expected output
Login Details	User ID	BGUser001	TypeCode = '30' Response will contain the details of the title searched against, a discharge count of 0 and a message "No charges of this date have been discharged in the last 30 calendar days"
	Password	landreg001	
	User locale[1]	en	
	Message ID[1]	success-no-results	
Subject Property	Title Number	NYK456113	
	External Reference	*Any value*	
	Continue if…	True	
	Charge Date	1999-12-15	

1. These details are mandatory and are required by the systems.

9.10 Undertake a discharge activity one discharge found, no match against charge date

Test: Example 10			
Test purpose: Undertake a discharge activity search where one discharge is found			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '30'
	Password	landreg001	Response will contain the
	User locale[1]	en	details of the title searched
	Message ID[1]	success-one-discharge-no-match	against, a discharge count of 1 and a message "No
Subject Property	Title Number	NYK567842	charges of this date have
	External Reference	*Any value*	been discharged in the last
	Charge Date	2001-05-18	30 calendar days"
	Continue if …	true	

9.11 Undertake a discharge activity with one discharge returned, no search for charge date

Test: Example 11			
Test purpose: Undertake a discharge activity search where a single discharge count is returned			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '30'
	Password	landreg001	Response will contain the
	User locale[1]	en	details of the title searched
	Message ID[1]	success-one-discharge	against and a discharge
Subject Property	Title Number	NYK123654	count of 1
	External Reference	*Any value*	
	Continue if…	true	
	Charge Date	No value sent	

1. These details are mandatory and are required by the systems.

9.12 Undertake a discharge activity where the title is closed and not continued under another

Field group	Field name	Input	Expected output
Test: Example 12			
Test purpose: Undertake a discharge activity search where the title is invalid			
Login Details	User ID	BGUser001	TypeCode = '20'
	Password	landreg001	Message = ' This title
	User locale[1]	en	number is closed'.
	Message ID[1]	closed-title-number	Code = bg.title.closed
Subject Property	Title Number	DT516100	
	External Reference	*Any value*	
	Continue if…	true	

9.13 Undertake a discharge activity where access is denied

Field group	Field name	Input	Expected output
Test: Example 13			
Test purpose: Undertake a discharge activity search where access is denied			
Login Details	User ID	BGUser001	WebService fault message
	Password	landreg001	= 'You do not have the
	User locale[1]	en	necessary rights to access
	Message ID[1]	access-denied	this service'.
Subject Property	Title Number	DN100	
	External Reference	*Any value*	
	Continue if…	true	

1. These details are mandatory and are required by the systems.

Poll requests

9.14 Poll for response – not yet processed

Test: Example 11			
Test purpose: Poll for response – still out of hours			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '10'
	Password	landreg001	Message = 'Request has not yet been processed. '
	User locale[1]	en	Includes expected process
	Message ID[1]	pollstilloutofhours	time as a timestamp

9.15 Poll for response – processed – no results returned

Test: Example 12			
Test purpose: Poll for response – processed no results found on day list			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '30' -
	Password	landreg001	Response will contain the
	User locale[1]	en	title number of the original
	Message ID[1]	pollsuccessnoresults	request (NYK567842), no discharges found, no matches for a charge date supplied previously

1. These details are mandatory and are required by the systems.

9.16 Poll for response - rejection

Test: Example 13			
Test purpose: Poll for response – rejection – Title number closed			
Field group	**Field name**	**Input**	**Expected output**
Login Details	User ID	BGUser001	TypeCode = '20'
	Password	landreg001	Message = 'This title number is closed. '
	User locale[1]	en	
	Message ID1	polltitlenumberclosed	Code = bg.title.closed

1. These details are mandatory and are required by the systems.
