

Tameside Metropolitan Borough Council

| What does the rule relate to? | Rule | Live example (before and after) |
|-------------------------------|--|--|
| Smoke control orders | The multiple individual smoke control orders affecting parts of Tameside have been merged into a single charge affecting the whole of the local authority administrative area. This is because various boundary changes since the orders became operative led to difficulty in defining the precise extent of each individual order. | <p>Before: Stalybridge is covered by operative Smoke Control Orders no's 1 - 20 dated from 10.5.1961 - 1.7.1979 made under the Clean Air Act 1956</p> <p>After: The whole of Tameside is a smoke control area</p> |
| Planning order | The extent of a charge relating to The County Palatine of Chester (Areas of Special Control) Order 1955 has been defined as affecting parts of Hattersley and Mottram in Longdendale. | <p>Defined extent:</p>  <p>The map displays a detailed street layout of the Hattersley and Mottram in Longdendale area. A blue shaded region highlights the specific geographic area covered by the charge, encompassing parts of Hattersley, Mottram in Longdendale, and Broadbottom. Key landmarks such as Hattersley Station, the River Etherow, and various residential streets are clearly visible.</p> |
